Where Little Dreams Take Big Leaps!

Dance is a magical journey for babies, toddlers, and young kids! Not only is it an absolute blast and a fantastic way to make new friends, but it also helps young children build confidence, stay active, and engage with music. At **DANCE MAFIA**, our Tiny STARZ program is a delightful blend of fun and learning, nurturing young dancers to explore their creativity in a supportive environment. Plus, our Tiny STARZ feed directly into our **MAFIA** recreational and elite programs, making it a place where you can watch your dancer grow from a Tiny right through to pre-professional!

Why Dance?

- **Confidence Building:** Dance helps children build self-esteem and confidence.
- **Active Lifestyle:** Keeps kids moving and healthy.
- **Musical Engagement:** Encourages a love for music and rhythm.
- **Essential Life Skills:** Develops self-control, teamwork, and listening skills.

Fun-Focused Learning

At **DANCE MAFIA**, we believe that the key to successful learning is having fun! In our safe and supportive environment, we prioritise enjoyment in every class; whether your child is flipping through our Tumblez class or exploring the rhythms in our Dance Combo of Ballet, Jazz, and Tap.

Our experienced instructors are dedicated to building self-esteem and confidence in each child. Through imaginative play, storytelling, and creative exercises, we nurture essential life skills such as teamwork, discipline, and listening. Our goal is to create a joyous experience where children can express themselves freely and develop a lifelong love for dance.

Seamless Transition from Tiny STARZ to Recreational and Elite Programs

At **DANCE MAFIA**, we believe in nurturing our dancers' growth every step of the way. Our Tiny STARZ program is designed to create a strong foundation for your little one, setting them up for a seamless transition into our Recreational and Elite programs as they grow.

As your child progresses, they will have the opportunity to join our Competition Teams, starting from the age of 6 and continuing through to 18. These teams offer a dynamic environment where dancers can hone their skills, perform on stage, and experience the excitement of competition.

For those passionate about dance, we offer certifications in Dance and Dance Teaching through our part-time program, **THE MOVEMENT**. This program provides comprehensive training and education, equipping dancers with the skills needed for a professional dance career or to become exceptional dance instructors.

Additionally, we provide opportunities for our Senior dancers to assist in our Tiny STARZ classes. This experience not only gives them valuable training in becoming dance teachers but also fosters a supportive and inspirational environment for our youngest dancers. The interaction between our Tiny STARZ and Elite dancers creates a wonderful sense of community, where our tinies can look up to and be inspired by their older peers.

At **DANCE MAFIA**, we are committed to supporting your dancer's journey from their very first steps in our Tiny STARZ program to achieving their dreams in our Recreational and Elite programs. Join us and watch your dancer grow, thrive, and shine every step of the way!

Tiny STARZ Classes

- Age Group: 2.5 – 4 years
- Class Structure: Technically structured classes encouraging independent participation, with guardians welcome to wait in our comfortable waiting areas or head out to enjoy some well-deserved you time!
- If you happen to arrive late to a Tiny STARZ class, please enter the studio quietly and encourage your dancer to confidently and independently join the room. This helps keep the class flowing smoothly and supports a calm, happy learning environment for all our Tiny STARZ dancers!
- To help your Tiny STAR have the best experience in class, we kindly ask that all dancers visit the toilet before their class begins. This helps avoid interruptions during class time and allows your child to stay engaged, confident and comfortable throughout the lesson.
